PROFESSIONAL EXPERIENCE:

From 1970 to 1978: I worked in Greece, in the field of medicine production and hospital gases.

From 1979 until today: I am the founder of the company MEDICON HELLAS S.A.

MEDICON HELLAS produces and distributes Diagnostic Reagents.

More specifically it has a wide range of activities in the IVD sector, including:

- The development, production, and sales of in Vitro diagnostic products.
- The import and distribution in Greece of automatic analytical systems from well-known international manufacturers such as ABBOTT, DIATRON, NOVA BIOMEDICAL, DIAMEDIX and others.
- The software development for laboratory and medical applications.
- The company also manufactures and markets its own brand of cosmetics and personal care products.

The company expanded and has been listed in the Athens Stock Exchange, from 11.07.2011.

Until March 2021, the company is employing 125 people and holds a significant part in the Greek Market.

In 01/07/2020 I was re-elected as President and Managing Director of the company. I have been in this position for many years, with a few interruptions due to various personal reasons.
